Dear Mr. Chairman:

I have received your letter (Q#1941) of 15 February requesting the latest Scientific and Technical Intelligence Committee study on Soviet R&D related to charged particle beams. I am enclosing that study, done in October 1976, together with an update published last fall. In addition, you will find a report on this subject prepared by an external review panel. We plan another STIC update in August 1978. I will be happy to send that to you when it is completed.

Yours sincerely,
